SEC³URE HOST ADMIN | Release Notes – 04/11/2018

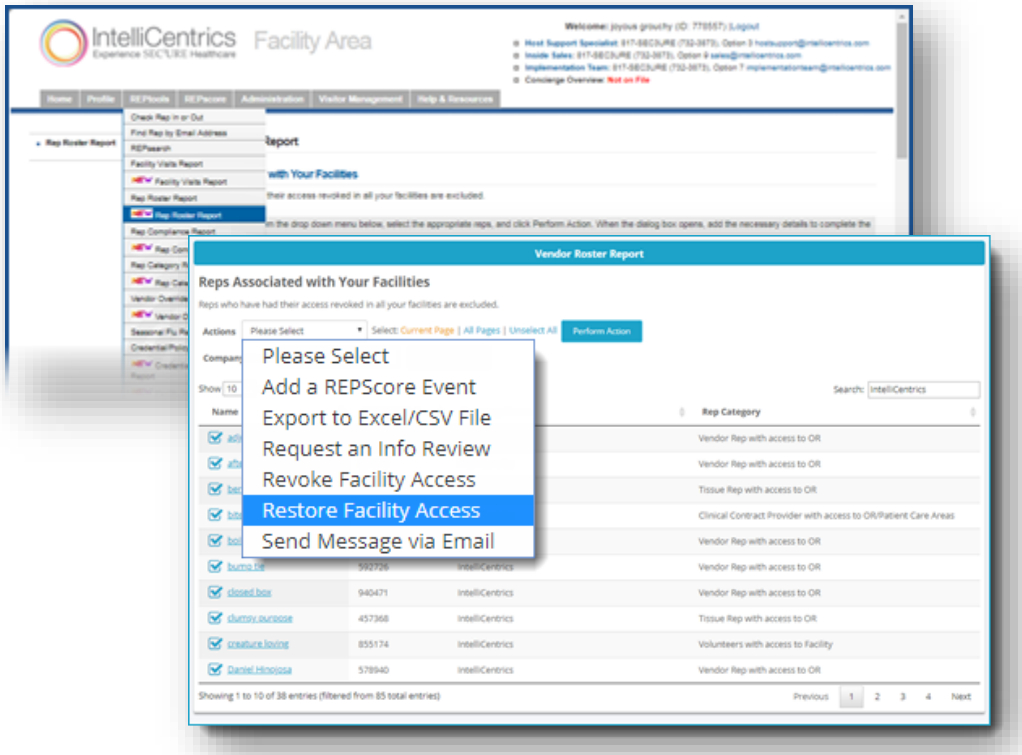
Intellicentrics has officially released our latest version of SEC³URE for Host Administrators. This version is automatically available upon Facility Host Administrator login. This latest release addresses minor fixes and adds a new REPtools reporting action to **Restore Facility Access** for multiple revoked reps at one time.

Features included in this release:

- ☐ **NEW Report Action RESTORE FACILITY ACCESS**
  It is very easy to **Revoke Facility Access** for multiple healthcare industry reps (*companies*) all at once. However, restoring access was limited to one. HCIR. at. a. time.

  With our latest SEC³URE release, you now have increased flexibility to control your HCIR populations with the new **Restore Facility Access** action within reports.
  Located under: REPtools > [Report] > Actions > Restore Facility Access

  - *Rep Compliance Report*
  - *Rep Category Report*
  - *Seasonal Flu Report*
  - *Credential / Policy Expiry Report*



System Requirements for SEC³URE:

- ☐ Microsoft Windows 7 or above
- ☐ Internet connection using the latest browser versions of: Microsoft IE 11 | Microsoft Edge | Google Chrome | Mozilla Firefox
- ☐ Latest version of Adobe Acrobat Reader: www.adobe.com
