

My Subscriptions

My services

Explore all the benefits you have available with your membership and take advantage of everything SEC³URE has to offer. You can also find [additional services to enhance your membership](#) (including radiation Monitoring, Drug & Titer Testing, Immunizations).

Purchase history

Look here to review your SEC³URE membership history as well as find or print old purchase receipts. Click the column headers to sort the information.

Partner services

IntelliCentrics partners with **Medical Sales Advocates** who offers a plan that covers the general and professional liability insurance requirements that many hospitals now require, as well as other member benefits designed to simplify the credentialing process and meet your everyday needs at a great price!

A note about paying via mobile app

At this time, you cannot register for a SEC³URE membership or order additional services through the SEC³URE Mobile App. We would need to charge a premium to use another mobile in-app payment system. Our goal is to keep our membership and add-on service prices reasonable for everyone.
