IntelliCentrics
Experience SEC³URE Healthcare

SEC³URE Facility Mobile App | Release Notes – 6/18/2018

IntelliCentrics is proud to announce the initial launch of our new SEC³URE Facility Mobile App! The SEC³URE Facility mobile app is designed for hospital or facility administrators who are already part of the SEC³URE healthcare community. [1.0.21]. **Facility administrators can download the SEC³URE Facility App on their mobile device (Apple & Android) now**.

Features included in this initial release:

☐ Monitor vendor reps currently onsite at a facility.
Select the facility you want to review and then see a list of WHO is currently checked-in onsite. Keep track of WHERE vendor reps SHOULD be, their stated business, and how long you can expect them onsite.

Look for Reps CheckedIn

☐ Search for Vendor Reps attached to a facility.
Lookup individuals by name or SEC3URE ID. Also find all vendor reps by company name. Profile photos show you who you are working with. Monitor HCIR / Vendor Rep compliance at your facilities

Look for REP Search

☐ Review negative HCIR / Vendor Rep events.
Review events at your facility posted over the last 7 days. Track what types of events are occurring so you can effectively review and take action to correct.

Look for Negative Events

System Requirements for SEC³URE Facility Mobile App:

☐ Apple iOS 8.0 or later | Compatible with iPhone, iPad, and iPod Touch

☐ Android 4.0 and up

Download on the App Store
