

SEC³URE HCIR | Release Notes – 2/1/2017

Intellcentrics officially released the latest version of SEC³URE for HCIR / Vendor Reps. This version is automatically available when logging-in. This latest release cleans-up minor functional issues with Radiation Safety Program features and adds a new MedCom e-Training course to the SEC³URE University Annual Pass offerings.

Features included in this release:

- Added MedCom e-Training course ISO-13485 Requirements for Medical Devices.
Located under: My Account > My Subscriptions > SEC³URE University Annual Pass
- Cleaned-up Radiation Exposure Package Terms of Use workflow.
After registration, the Radiation Exposure Package workflow would take the HCIR / Rep through the Terms of Use and Scope of Services questions after having previously agreed and answered the questions.
- Added additional data feeds for Radiation Exposure Packages.
Located under: My Account > Credentials > Radiation Exposure [Details]

System Requirements for SEC³URE:

- Microsoft Windows 7 or above
