SEC³URE HOST ADMIN | Release Notes – 2/8/2017

Intellicentrics officially released our latest version of SEC³URE for Host Administrators. This version is automatically available upon Facility Host Administrator login. This latest release fixes intermittent bugs and adds a new Credential Matrix reporting feature.

Features included in this release:

☐ New Credential Matrix (Report)
The new Credential Matrix (*used in conjunction with setting facility credential requirements*)
helps System and Division Admins understand how the facilities they are responsible for have
aligned with SEC³URE best practices and internal requirements.
Located under: REPtools > Credential Matrix

System Requirements for SEC³URE:

☐ Microsoft Windows 7 or above
☐ Internet connection using the latest browser versions of: [Microsoft IE 11](#) | [Microsoft Edge](#) | [Google Chrome](#) | [Mozilla Firefox](#)
☐ Latest version of Adobe Acrobat Reader: www.adobe.com
