

SEC³URE ENTITY

TRUSTED AND VERIFIED VENDOR COMPLIANCE

SEC³URE Entity credentialing service, now part of the IntelliCentrics SEC³URE Ethos, verifies vendor companies who provide supplies and/or services to locations of care (LoC).

It takes compliance to the next level by giving LoC's visibility into the compliance status of vendor entities as well as protection from financial loss and negative impact to their brand.

GET STARTED

SEC³URE Entity gives you control of the relationship between the hospital and vendor companies. This is achieved by setting a credential set standard for all vendor companies and monitoring their compliance.

Send the IntelliCentrics Entity team a list of the vendors who do business with your location of care (LoC). Include:

- Company Name
- Contact Name
- Physical Address
- Phone Number
- Email Address

IntelliCentrics will create a login ID for you and other facility administrators in the SEC³URE Entity application. Log into SEC³URE and select your vendor company requirements:

<https://facility.sec3ure.com/>

1

The IntelliCentrics Entity team reviews the vendor submitted credentials for completeness and accuracy.

2

Once a vendor company's Corporate Administrator has provided approved required credentials, their company will be deemed compliant and will be approved to conduct business with your facility.

MY VENDORS

This is a list of vendors associated with your system and facilities. They have been invited to attach but may not be compliant with all requirements.

The screenshot displays the IntelliCentrics Vendor Management interface. At the top, the IntelliCentrics logo is on the left, and 'Company Compliance', 'Vendor Management', and 'Manage Company Requirements' are in the navigation bar. On the right, there are links for 'Contact' and 'Logout'. The main content area shows details for 'Amy's Flower Shop'. A 'COMPLIANCE SUMMARY' box highlights a snapshot of performance. Below this, a 'Requirement Status' table lists various requirements with their processing status and completion dates. A 'CONTACT VENDOR' box points to a 'Contact' button, which opens a modal for sending an email to 'Amy F. AmyF@AmysFlowers.com'. An 'ACCESS CONTROL' box points to an 'Access' dropdown menu with options for 'Active', 'Denied', and 'Inactive'. A 'VIEW DOCUMENT' box points to a '(View)' link in the requirement table.

VENDOR SEARCH

Easily lookup and send invites to all vendor companies listed in your roster. This list includes all companies regardless of compliance or attachment.

The screenshot shows the IntelliCentrics Vendor Search interface. At the top, there's a navigation bar with 'Company Compliance', 'Vendor Management' (highlighted), and 'Manage Company Requirements'. Below this are tabs for 'Vendor Search', 'Invitations', and 'My Vendors'. The main heading is 'Vendor Search' with a subtext: 'Select Search to view a list of all vendors. Enter the full or partial name of the company to filter search results.'

The search form includes a 'VENDOR NAME' input field with 'swan' entered, an 'Exact Match' checkbox, and a 'Search' button. A dropdown menu shows '4 items selected' with options: 'Consultant' (checked), 'Distributor' (checked), and 'Goods Provider' (unchecked).

The 'SEARCH RESULTS' section shows a table with columns for 'Name' and 'HQ Location'. It lists three companies: 'Binswanger Glass', 'Swanson' (highlighted), and 'Swanson Testing'. Each row has an 'Attach' button. The table also includes a 'Show 10 companies per page' dropdown and 'Contact' and 'Export' buttons.

Callouts point to various features: 'VENDOR SEARCH' (input field), 'SUPPORT TYPE' (dropdown menu), 'CONTACT | EXPORT' (table rows), 'ATTACH VENDOR(S)' (Attach buttons), 'SEARCH' (Search button), 'INVITE TO ATTACH' (Send Invites button), and 'ATTACH TO...' (Facility selection dropdown).

VENDOR SEARCH

Type the first few letters of the vendor name

SUPPORT TYPE

Restrict the search by the type of healthcare services the vendor provides

CONTACT | EXPORT

Check the vendor(s) and you may either contact them directly or export the list

ATTACH VENDOR(S)

Check the vendor(s) listed and then Attach them to your facilities

SEARCH

We recommend searching with fewer letters so you can review the list for potential duplicates. Or leave the vendor name field blank to populate the list with all companies on your roster

INVITE TO ATTACH

Select the facility(ies) where the vendor companies may attach and then **Send Invites** to the vendor company(ies)

ATTACH TO...

Select the Facilities which the selected Vendor will be invited to.
